**Badass Teacher Academy with Samantha Karim
HOMEWORK WEEK 4**

Please complete and bring to next class.

1. From the exercises we completed today, write down 2 more elements that make you and your classes special, extraordinary, unique, well-known for, etc.
2. In class, we considered your taglines, idioms, one-liners that cement your students' knowledge over time. write down 1 thing that you currently say, and 3 that you want to create/start to incorporate?
3. Refine your lesson plan from what you taught in the beginning of the course to be a lesson 5-10 minutes long
Keep in mind we are teaching via computers to others who may or may not have materials to learn the class. We will make do with what we have.
Be prepared to teach it next week

Go back through what we have covered so far and see where you can really start to create an overall excellent experience for your students.

Please make sure to have a recording device ready to record yourself.

4. TED Talk to watch:

https://www.youtube.com/watch?v=yY86_7G2qZQ

"The Secret to Success" by Arel Moodie.

What were biggest takeaways from this?

What is something you are currently doing that he spoke about?

What is something you'd like to start implementing?
