**Badass Teacher Academy with Samantha Karim  
HOMEWORK WEEK 3**

**Please complete and bring to next class.**

1. Review your video from class. How would you plan your class/course now?

What would you add in?

Take away?

Develop more?

How would you start to change this into a 5 minute lesson, 15 minute lesson, 30 minute lesson?

2. Food for thought:  
Was it uncomfortable for you to review your own video in today's exercise?

Did you tell yourself more ways of what didn't go "right" versus what did?

Did you acknowledge yourself for more than one thing?

Journal why or why not. Be honest with yourself and allow yourself to freely write.
